Since the inception of our Foundation in 1944, we have always provided deserving students an opportunity to enter the Naval Academy via our preparatory school program. This is a need-based financial assistance program and has sponsored over 3500 deserving candidates to the Naval Academy over the years. Today, there are almost 250 Foundation graduates within the Brigade of Midshipmen. Equally important, and in consonance with our mission to maintain the Naval Academy’s Athletic Excellence, we are providing critical financial support to the club, intramural and varsity athletic programs.

Our Foundation, which includes Trustees, Associate Trustees and Foundation Parents, was an integral part of the $250M+ comprehensive campaign to support the US Naval Academy. In fact, our small group alone contributed more than $41M towards the campaign goal, thereby continuing our tradition of relevance and responsiveness to the Naval Academy. To preserve this tradition of support, an Athletic Excellence Fund was established. Athletic Excellence is now our primary fund raising focus going forward; it’s the lifeblood of this organization.

We have asked all of our Trustees to support this important program. The Classes of 1970 and 1980 have also included the Athletic Excellence Fund as part of their ongoing class fundraising projects. The Classes of 1955 and 1964 have included our prep school scholarship support in their projects. It’s a group effort!

As this newsletter goes to print we are less than a week from our opening football game with the Blue Hens from Delaware University. This brings to mind several points: first, our series with the Blue Hens over the years is tied at 7-7, so I believe they will be a good test for us and will provide a preview of what we can expect this season. With Kris Proctor at QB, we will again be a one dimensional option football team and the big question will be the defense; only 2 of the 11 starters are experienced. We lost six starters from last year through graduation, 2 were dismissed for academic failure and one for an honor offense.

Nevertheless, we have good athletes stepping up who will improve each game as they gain experience. This should be an exciting season!

Another point raised is ethics and integrity in college sports today. With the college sports scene roiling over the recent scandals at Ohio State, Miami and USC, we can take heart and a great deal of pride in the integrity of our athletic program. This was highlighted in a recent Wall Street Journal article by William McGurn in which he specifically mentioned the honor code at West Point. As I’ve said many times, it all starts at the top. We are fortunate that Chet Gladchuk who, in my opinion, is not only the finest AD in the nation, but more importantly a man of integrity and character who always does what is right for the Naval Academy, the program and the student athlete. I take this opportunity to thank Chet for setting the standard and hiring coaches who subscribe to the same ethical standard.

By the time you read this, we will have a good start to the season and many of you will have participated in the Delaware reception hosted by

(continued on page 2)
NAA to express appreciation to our Foundation for the support we provide throughout the year. The event included the introduction of our new basketball coach, Ed DeChellis, and our new lacrosse coach, Rick Sowell, as well as the newest member of the NAA staff, Steve O’Brien. Our Foundation has been pushing for many years to have a person of Steve’s caliber focused on athletic fund raising. Working in concert with the Foundation Development staff, Steve has hit the ground running. It will be a pleasure for me to introduce him formally to you at our meeting in November.

The strength and vitality of our organization continues as evidenced by the induction of the following twenty new Trustees, whom we welcomed at our fall and spring meetings:

- CDR Michael B. Clark ’69, USNR
- CAPT Robert L. Curbeam ’84, USN (Ret.)
- VADM J. Cutler Dawson ’70, USN (Ret.)
- CAPT Robert D. Duncan ’48, USN (Ret.)

On a more positive note, the renaissance of Navy athletics continues unabated. If you have visited Annapolis recently, you have seen the extraordinary transformation that has taken place at the Navy-Marine Corps Memorial Stadium. After a complete 3-year renovation, it’s now recognized as the most beautiful mid-sized college football stadium in the country! More importantly, it is a fitting memorial to the sacrifice made by our Navy and Marine Corps personnel who have participated in each of our nation’s wars and continue today in the global war on terror. The Wesley Brown Fieldhouse was dedicated and opened 4 years ago and houses an indoor track and foul weather practice facilities for major teams. The Brigade Sports Complex, across the river by the golf course, also opened 5 years ago and includes indoor / outdoor tennis courts, fitness center and workout facilities, indoor golf facilities, a pro shop and also a new ice hockey arena. This year the crew house, Hubbard Hall, is undergoing a much-needed renovation. Finally, several new suites and television facilities were added to the “Gold” side of the football stadium. All these projects will greatly enhance the world class athletic facilities offered at the Naval Academy. Our Midshipmen deserve nothing less.

And finally, I thank each of you for your personal support. Our efforts have made a significant impact on overall athletic excellence within the Brigade and will continue to do so in the future. We could not do it without you. Thank you for your support!

I look forward to seeing you and working with you throughout the year.

Chairman
This has been another outstanding year for our Athletic & Scholarships Program. I’ve really enjoyed and am privileged to work with so many wonderful families and candidates, our own Alumni Association and Foundation, as well as the staffs of our Naval Academy Admissions and Athletic departments.

We held our spring and fall meetings and each was attended by many of our 250 active Trustees and their spouses. Our focus at both events was staying relevant to the Naval Academy and promoting our Athletic Excellence Fund and the prep school program. While we are doing very well overall, we still need your help in our mission to support both important programs. The information provided below gives you an idea of the wonderful impact we’ve had over the past year.

**Athletic Support**
An important part of our mission is, of course, the Foundation’s monetary support to the Naval Academy and NAAA for our varsity, club and intramural sports programs. Much of the renovation work at our Navy-Marine Corps Memorial Stadium was funded by our organization. We are also committed to keeping the current football coaching staff intact. With Ken Niumatalolo as our head coach and an aggressive but realistic schedule this year, we have a great opportunity to extend our current run of successful seasons and regain the Commander-in-Chief’s Trophy. That coaching staff stability is critical to the success of our program.

During the past year, we provided over $1.26M in private grants for recruiting, team and coaches’ travel, trophies, team equipment, radio broadcasting, athletic facilities and annual coaches and Midshipmen athletic awards. We are committed to provide over $1.40M during the upcoming year to not just the major sports but all varsity, club and intramural teams at the Naval Academy.

In just the last several years, our unique organization has contributed over $49 million to the Naval Academy, our preparatory school program and Navy athletics. We could not accomplish this without the generous contributions each year from our Trustees, parents and friends of the Naval Academy. Thanks.

(continued on page 4)
again for your sincere commitment to our Foundation!

**Scholarship Programs**

We completed another successful Admissions cycle for the entering Class of 2015 at USNA on June 30th. Of our 50 original Foundation sponsored prep school students, 47 became Midshipmen on Induction Day for an outstanding 94 percent. The following applies:

- Total Foundation students inducted—47 (40 men, 7 women)
- Blue Chip (recruited) athletes—18
- Average SAT scores—1,110 (V-560, M-550)
- Minority students—14
- Varsity letter winners in high school—96%

We hosted a wonderful reception the day before Induction Day for excited Foundation students and their families at the Navy-Marine Corps Memorial Stadium dining facility. More than 300 people attended the event. It was a great way to say “Welcome Aboard!” to the newest Plebe Class. Our Chairman, Rear Admiral Tom Lynch ’64, USN (Ret.), USNA Superintendent, Vice Admiral Michael H. Miller ’74, USN, USNA Commandant, Captain Bob Clark II ’84, USN and our Alumni Association and Foundation President and CEO, Byron Marchant ’78, were there, too.

Next year’s Foundation prep class (USNA 2016) is already formed, with 51 prep students enrolled at our 17 affiliated prep schools for next year (2011-12). Their credentials are just as impressive. Historically, 95 percent of our sponsorees become Midshipmen each year. Of that number, almost 90 percent will graduate in 4 years from USNA with a Bachelor of Science degree, the highest of any accession source to USNA. So, our program is a win-win for our students and the Naval Academy!

If you have any questions or want to do more to support our programs, don’t hesitate to call our office. Thanks again for your outstanding support!

Following are profiles of sponsored candidates who are members of the Class of 2015. They attended a prep school or junior college affiliated with the Foundation. The designations of “Honor Scholar” and “Scholar Athlete” are solely to recognize the contribution made to the Foundation by the donors of Honor or Memorial Scholarships.

**The Lieutenant Commander Richard E. Bowe Memorial Honor Scholar**
The Lieutenant Commander Richard E. Bowe Memorial Honor Scholar, a scholarship established by his wife, Virginia, in recognition of his outstanding service in the U.S. Navy and to our country, is Stephen J. Anderson from Chesapeake Beach, MD. Stephen graduated with honors from Huntingtown High School. He was a member of the National Honor Society and he received several awards including the President's Award for Educational Excellence. In high school, he played varsity football and varsity track for two years, and varsity swim team for four years. Stephen was active in the Boy Scouts and earned the rank of Eagle, the highest rank in scouting. He participated in a mission trip to the Dominican Republic where he helped to complete numerous service projects. This year under Foundation sponsorship, Stephen attended New Mexico Military Institute in Roswell, NM.

**The Admiral Charles R. Larson ’58 Honor Scholar**
The Admiral Charles R. Larson ’58 Honor Scholar, a scholarship established by the Trustees of the Naval Academy Foundation for his extraordinary service as the Superintendent of the Naval Academy, is Colin M. Barry, a graduate of Saint Louis Priory School in Creve Coeur, MO. He received the most improved student award his junior year. Colin lettered as tailback for his state playoff football team. Colin was assistant captain of the varsity hockey team his senior and second leading scorer for his two time championship high school team. He was the lead assistant in coaching the St. Louis Squash Racquets Association youth instructional program for three years. This program involved more than 75 male and female participants, preparing them for national competition. He attended Salisbury School in Salisbury, CT, under Foundation sponsorship and played on their squash team.

**The Admiral Edward C. Kalbfus 1899 Memorial Honor Scholar**
The Admiral Edward C. Kalbfus 1899 Memorial Honor Scholar, a scholarship created by the Society of Sponsors of the United States Navy, is Sarah A. Behm, who graduated from the American School in Japan (“ASU”), where she was in the top 25 percent of her class. Sarah is fluent in the Japanese language and passed the Japanese government administered test. At ASU, she was awarded the designation of AP Scholar. She held several PADI scuba diver certifications: Rescue Diver, Advanced Open Diver and Open Water Diver, as well as Emergency First Response Certification. Sarah played on the volleyball team, and obtained “Best Receiver Award” in the 9th grade. She coached a middle school volleyball team, which won the Kanto Region Plains (Tokyo) championship. In Karate, Sarah achieved the level of green belt. She served as chairman of the Model UN representing her school at the Tokyo Model UN Conference. She attended the USNA summer seminar and USNA crew camps. Sarah attended the Peddie School where she was on the honor roll and varsity crew team.

**The Commander William Earl Fannin ’45, USN (Ret.), Memorial Honor Scholar**
The Commander William Earl Fannin ’45, USN (Ret.), Memorial Honor Scholar, a scholarship created by his classmates, is William D. Berkey, III a graduate of the Cardinal Gibbons School in Baltimore, MD. He was named salutatorian of his class. He lettered in varsity golf all four years, and was captain his junior and senior years, helping to lead the team to the playoffs each season, making all-conference his senior year. He was a member of the Young Marines for eight years, and reached the rank of Division Sergeant Major. Will sat on the student council, honor committee and was an officer in the National Honor Society at his high school. He has been a volunteer with the Hugh O’Brian youth...
leadership program since his sophomore year. Will attended Valley Forge Military College in Wayne, PA, under Foundation sponsorship.

**The Class of 1949 Memorial Honor Scholar**
